October 2019 Issue 19

5 Nations Participating

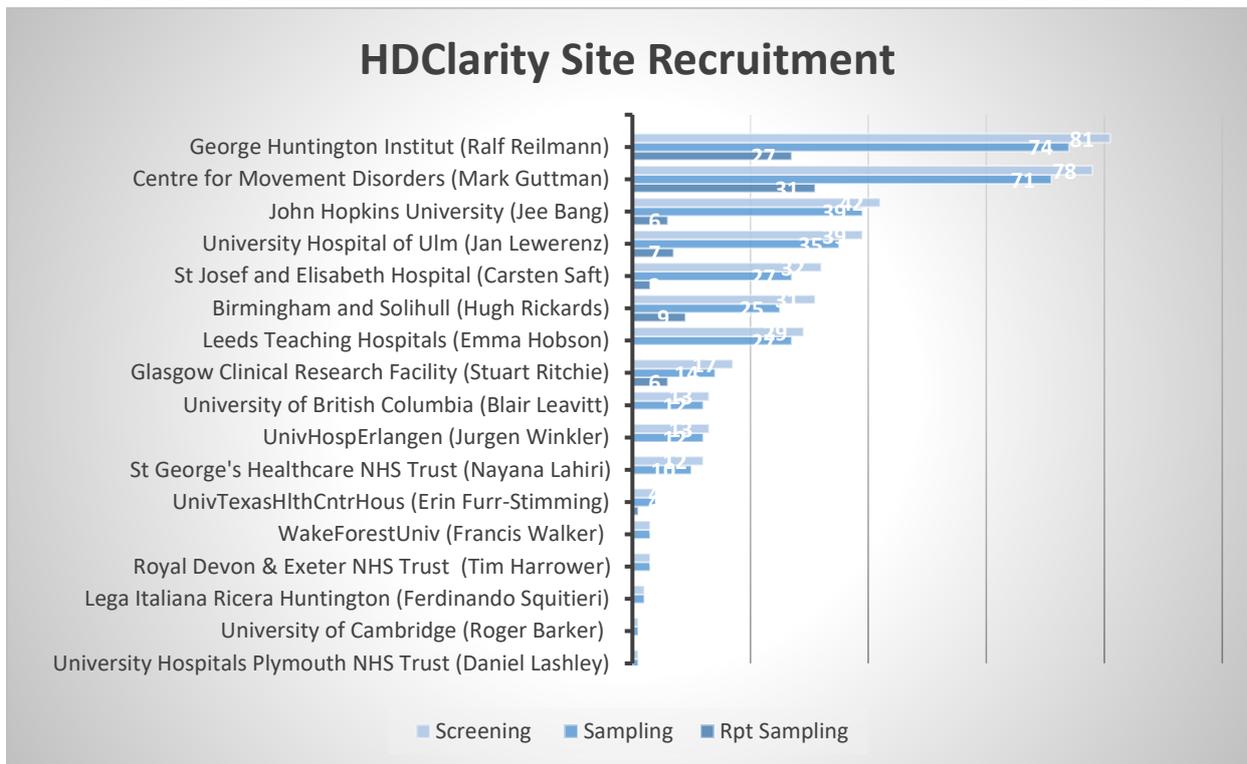

19 Clinical Sites Worldwide

401 Participants

Dear HDClarity Teams!

Thank you to everyone for all of your hard work, we have now completed 360 sampling visits and 90 repeat sampling visits!

Congratulations to University Hospitals Plymouth NHS Trust, Lega Italiana Ricera Huntington and Rocky Mountain Movement Disorders Centre, who have all officially recruited their first participants into HDClarity.

*The chart reflects recruitment data of initiated sites extracted from the HDClarity EDC to date (28th Oct). Any data not yet entered on the EDC will not be shown here.

Recruitment by HDClarity Category

Completed Initial Sampling Visits						
# Early Premanifest HD	# Late Premanifest HD	# Early Manifest HD	# Moderate Manifest HD	# Advanced Manifest HD	# Controls	Total
41	79	141	12	11	76	360

REMINDERS

- Representatives from the HDClarity Team will be at the Huntington Study Group 2019 annual meeting in Sacramento, California. Please take this opportunity to ask any questions and discuss general involvement in HDClarity.
- To minimise risk of protocol violations, could all sites please submit waiver requests for repeating Enroll-HD core assessments prior to undertaking the assessments.
- All staff members involved in HDClarity need to complete the Good Clinical Practice (GCP) Refresher every 2 years.

Please contact UCL Central Coordination if you have any questions hdclarity-cc@enroll-hd.org
